02 Street Tazarka, Tunis 2015 Tunisia

---

## Web developer

- Dynamic and respected professional web developer, passionate about the realization and development of web projects, I naturally turned to a career as a web developer.
  - Interested in the development of new reliable and innovative solutions.
  - Active in social life as a team leader in international organizations like AIESEC.
  - Strives to foster self-esteem, encourages understanding of cultural diversities and restrictions.
  - Solution oriented, highly skilled in adapting to various learning styles.
- I wish to integrate a dynamic company in Canada.
